Rich,

Regarding the attachment you sent to Paul below, I wanted to check on the date at the top of the table. I think it may need to be updated to match the redacted table that appears on epaosc.org. It appears that the table you sent is dated 2011. Please send us an updated document if appropriate.

Thanks,

Ex. 4 - CBI

Joanna:

Thanks for the info and I appreciate you providing the references - I will follow up and do my homework. Sorry that I did not recognize that it was you talking yesterday - wouldn't have doubted for a minute if I'd had realized.

Thanks,

Paul

Paul, the OSC provides the verbage for the ad which is what is included in the memo I send to Helen when the record is finalized. Trish can work on it but it's really what the OSC wants. As for the public comment period, I would encourage you to read the NCP section 300.415 and 300.800. These both address the public comment period and how those comments are to be answered and incorporated into the administrative record.

Thanks.

Dimock AR Review Meeting Follow-up

Thanks to everyone for participating in yesterday's Administrative Record meeting. Just thought I'd send out a quick recap of our discussions:

1. All documents to be included in the AR are to be submitted by Friday, March 2, 2012 (next Friday).
2. Final draft version of the AR Index will be distributed by Tuesday, March 6, 2012, for review and approval. If redactions are needed for final approval, please provide them as soon as possible and the Records Center staff will do the redactions.
3. Final approval is requested by Friday, March 9, 2012.
4. Following approval, Records Center staff will finalize and distribute a CD version of the AR Package to the near-site repository by March 13, 2012. The distribution will be by UPS - signature required.
5. Publication of the Public Notice in a local general circulation newspaper will be scheduled for Thursday, March 15, 2012.

Trish: Please provide a copy of the Mark-up of the Ad as soon as possible so we can include it in the administrative record.

Rich & Joanna: Please provide an unredacted version of the table with the sampled homes. The unredacted version will **NOT** be published and will be held in a confidential section of the AR; however, it is required to be part of the AR if we need to ask the court for record review.

Kudo's to Kelley - in follow-up to our call, I discussed Kelley's comments about a public comment period with Helen Duteau. Helen said that in this type of Removal Action a public comment period CAN be held following the publication of the AR when appropriate. Helen agreed to take lead role in determining the appropriateness of a public comment period for this Removal Action.

Please reply if you have additions or notice any omissions.

Thanks,

Paul
